Thomas Stewart, PAS

Length of Service Certificate 10 yrs

Claudia Dow, Community Mental Health

Length of Service Certificate 20yrs

## ***Congratulations to the Laboratory Staff***

The Laboratory was awarded an accreditation by the Commission on Laboratory Accreditation of the College of American Pathologists (CAP), base on the results of a recent on-site inspection. The laboratory was officially congratulated by CAP for the "excellence of the services being provided." The Laboratory passed the inspection with ZERO deficiencies, a rare accomplishment.

The CAP Laboratory Accreditation Program, begun in the early 1960s, is recognized by the federal government as being equal to or more stringent than the government's own inspection program. Inspectors examine the records and quality control of the laboratory for the preceding two years, as well as the education and qualifications of the laboratory staff, the adequacy of the facilities, the equipment, laboratory safety, and laboratory management to determine how well the laboratory is serving the patient.

The excellent showing for this inspection is the result of two years of dedicated preparations and teamwork by the entire laboratory staff.

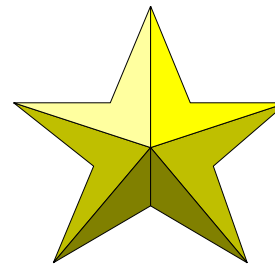

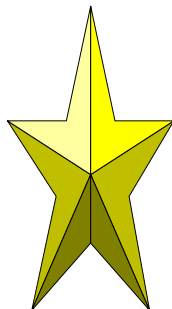

# Super stars

- For outstanding performance in customer service, the nominees are:

- Dr. Mittal, Internal Medicine
- SSG Lindemann, Radiology
